Audition Rotation Eligibility Policy

The Stony Brook Southampton Hospital Graduate Medical Education programs share common criteria and processes for the recruitment and selection of residency and fellowship training candidates. The application process meets all requirements of the Equal Employment Opportunity and the Americans with Disability Act, in insuring that all qualified applicants are afforded a review without discrimination based on sex, race, age, religion, color, national origin, disability or any other applicable legally protected status.

Minimum requirements

General and minimum requirements for eligibility for consideration for a General Surgery Audition Rotation at Stony Brook Southampton Hospital/ Peconic Bay Medical Center are:

- Anticipated graduation from a medical school in the United States or Canada, accredited by the Liaison Committee on Medical Education (LCME), (pending ACGME accreditation for General Surgery) OR
- 2. Anticipated graduation from a college of osteopathic medicine in the United States, accredited by the American Osteopathic Association (AOA) OR
- 3. Anticipated graduation from a medical school outside of the United States or Canada AND meeting one of the following additional qualifications:
 - a. holds a current valid certificate from the Educational Commission for Foreign Medical Graduates (ECFMG) prior to appointment, OR
 - b. holds a full and unrestricted license to practice medicine in a United States licensing jurisdiction in his or her current ACGME specialty/subspecialty program, OR
- 4. A US citizen, permanent resident, has employment authorization identification, or has a J-1 visa sponsored by ECFMG. Stony Brook University Hospital does not sponsor H1B visas for GME training.
- 5. Successful completion of USMLE Step 1 OR COMLEX Level 1 by the 2nd attempt.
- 6. A minimum USMLE Step 1 score of 220 OR COMLEX Level 1 score of 450 by the 2nd attempt.

Applicants who do not meet the above criteria cannot be considered for an Audition Rotation at Stony Brook Southampton Hospital.
