The Medical Student Rotation Program teaches students essential clinical and practical skills. Participating students rotate with Stony Brook Southampton Hospital faculty and residents in a variety of specialties areas.

Application Process

Clinical rotations are available to students in their final year of medical school. We offer a limited amount of Audition Rotations and students will be charged a non- refundable application fee of **\$25**. Applications submitted without payment will not be reviewed. A completed application must be sent to **Jenna Frost**. Please indicate on the application the preferred dates of rotation. Our rotations are four (4) weeks in length. **Applications for less than four (4) weeks will not be considered.** Prior to submitting an application, please see our **Audition Rotation Eligibility Policy** on the website.
