It is important for you to know that the physician services you receive at Southampton Hospital are not included in the Hospital's charges. Physicians who provide services at the Hospital may be independent voluntary physicians or they may be employed by the Hospital. Physicians bill for their services separately and may or may not participate in the same health plans as the Hospital. You should check with the physician arranging your Hospital services to determine which plans that physician participates in. The chart above represents accurate information at the time of publication. Please check with your insurance provider to verify your physician participates with your specific plan. For questions about bills for these providers, please call (631) 726-3172.
