Dear Patient,

Welcome to **Westhampton Primary Care**!

We look forward to serving your health care needs. Enclosed you will find our new patient packet. Please fill out these forms and either mail, fax, or drop them off prior to your first visit. By providing us with your information prior to the visit, we can verify all benefits and assure that referrals are in place if necessary. We value your time and do not want to delay your appointment due to verification of information.

If you choose to fax back your paperwork, please bring the originals on the day of your appointment. We will keep them in your file.

Our office is opened Monday-Wednesday from 8:00 a.m. to 6:00 p.m., Thursday from 8:00 a.m. to 7:00 p.m., Friday 8:00 a.m. to 5:00 p.m., and Saturday 8:00 a.m. to 4:00 p.m. for emergencies.

If you need immediate assistance when our office is closed, we urge you to go to the nearest emergency room or contact our service at (631) 702-8241. The facility you choose will contact a physician if necessary.

All prescription requests must be filled during normal business hours. No exceptions are made. Please allow 72 hours for your normal refills. Your pharmacist can either contact us at (631) 288-7746 or fax the request to (631) 288-7111.

Please bring a list of all your medication (prescribed, over-the-counter (OTC), and supplements/herbals) to each visit so that we may update your chart.

The Residency Program at Southampton Hospital was developed to train physicians for the community setting. The objective of this residency is to provide a comprehensive and longitudinal experience that will afford residents exposure to the various required disciplines. You may be assigned a resident along with your Primary Care Physician.

Our goal is to provide you with the very best medical service we can. If you have any questions or concerns, please contact our office manager, Nancy Wyllie, for assistance.

Thanks for choosing **Westhampton Primary Care**!
